

Responsibilities for Community Service Committee:

- Create alumni for our faculty graduates and engage the graduates with events.
- Bring high school students to the faculty departments and let them experience being faculty of science students for a day or invite them for the scientific days of students.
- Visit students at their schools in Zarqa and present some scientific materials at their schools (videos and lessons).
- Create online experience for high school students that allow them to access some online courses available at our faculty website that benefit their study.
- Make offers for local industry and community to give them certain services (test for samples using NMR, etc.).
