

Responsibilities for Equivalence Committee for Courses:

- has the responsibility to revise the equivalence of courses conducted by corresponding committees of departments (where department committee has to check whether each course taken by a student in his/her previous college or institution is equivalent to a required course in the department for which he/she is applying for equivalence) .
- Revise equivalence made by department's committees (which must foresee the content of each course taken by student bridging from community college to faculty of science upon equivalence) and check that this equivalence complies with regulations of the University.
- Recommend the transfer of credits from one faculty to another in the Hashemite University for student s who study two programs.
- Prepare and submit report of all activities of the committee to the faculty dean.
