

THE AMERICAN CONCRETE INSTITUTE (ACI) STUDENT CHAPTER

The American Concrete Institute (ACI) student chapter (ACI-HU) has been established in 2021 in the Civil Engineering Department at The Hashemite University.

The ACI chapter aims to promote knowledge, research, and professional development in the field of concrete technology. This is done through engaging the student in competitions, webinars, and field trips.

Milestone of the ACI-HU:

1. ACI chapter - Open day activity

2. In 2022 the ACI-HU has received the "Outstanding Student Chapter" title for its ongoing activities.

3. The ACI-HU won First place in the Concrete Competition held by Jordan University.
