

**STUDENTS' COMPETITIONS - Architect Lara Samara**

Architect Lara participated in the competition of "Heritage from My Home", emanating from the project of "Cultural Heritage Sustainability with the Participation of Local Communities", the World Council of Monuments and Archaeological Sites - Jordan and the American Center for Oriental Research, which reflects the participants' interest in the Jordanian archaeological heritage through their participation with a photographic pictures that express this rich heritage with its details and components. She was ranked first among many distinguished and beautiful entries, which made the process of selecting winners difficult, according to what was stated by the organizer.

**STUDENTS' COMPETITIONS - Zain Al-Sharaf Al-Khodour**

Honoring the student Zain Al-Sharaf Al-Khodour from the Department of Architecture at the Hashemite University with the winners of the (Expressin Arabic competition prizes).

The Crown Prince Foundation, in partnership with the Jordanian Arabic Language Academy and the Mawdooh Company, on Sunday 26/7/2020 honored the winners of the Express in Arabic competition that it launched during the pandemic period, through the ceremony that was held to honor the winners in Professor Abdul Karim Khalifa's hall in the Jordanian Arabic Language Academy. The honor is His Excellency the President of the Society, His Excellency the Secretary General and Executive Director of the Crown Prince Foundation, the General Manager of Mawdooh Company, and representatives of the Foundation and Mawdooh Company. These awards are in recognition of the creative Jordanian Arab energies in expression, writing, and the use of the intelligence of the Arabic language in expressing its speakers.

**STUDENTS' COMPETITIONS - Architect Safa Joudeh**

USAID SCHEP presented recent graduate from the Hashemite University; architect Safa Joudeh with a travel scholarship to present her work at a conference on

"Local Communities and their Archaeologies: from the Middle East to the Nordic Countries"

The conference was held in Helsinki, Finland, which took place from September 12th to 14th. At the conference architect Safa presented a paper entitled

"Digital heritage and its role in enriching the level of engagement with specialist and non-specialist audiences, Jordan as case study."

By attending this international conference, she was able to exchange knowledge with experts, make new professional connections and gain valuable experience presenting her work in an academic setting. SCHEP offers such scholarship opportunities to Jordanian heritage professionals, including those early in their careers, to attend similar events and present their work internationally in order to gain new knowledge and skills that will in turn benefit Jordan's heritage sector.

**STUDENTS' COMPETITIONS - Architect Yasamin Al-Shurbajie**

**VINFAST GLOBAL SHOWROOM...**  
 www.vietnamdesignweek.org

**VMARK VIETNAM DESIGN WEEK** | **VMARK VIETNAM DESIGN AWARDS**

**RUNNER UP**  
 Mohammad nabil - Mohammad Yasameen alsharbaji - Nour esmail Abdel hafez| GROUP  
 Jordan

Architect Yasamin Al-Shurbajie and her team were the (RUNNER UP WINNERS) in VinFast Global Showroom Design Competition 2021 -the second place-, And their project was published on Billboard in NewYork Times Square, In addition to publishing it on the Platforms of the Competition's Partners & Sponsors, like VDAS Design Association, ArchDaily, Young Architects Competitions, Archi Competitions, APDC, PR Newswire, Design Anthology, and other Partners.

Their work in the competition is inspired by the V-shaped symbol and boldly transformed by flipping it up; as a metaphor for the core values of the VinFast brand.

Moreover, the spotlight of this design is the experience of customers before they have seen and used the products. Customers are guided through the axes in the main aisle and experience the features of Vietnamese nature: water axis, bamboo and cinnamon. Not stopping here, Nour Ismail's team continues to lead viewers to hologram rooms, virtual reality through the road "museum" - which shows the development journey of VinFast with intelligent projection technology.

The flexible application of interior philosophy with the virtual reality experience at the showroom is the point helping the team of 3 designers from Jordan to win the Runner up prize of VinFast global showroom design competition 2021.
